The Promise of Protection®

FITTED STRETCHER SHEETS & EQUIPMENT COVERS

PowerFit® and SnugFit® sheets have elastic corners to prevent slippage and do not move when patient moves.

The SnugFit® Expandable Mattress Cover is custom designed to fit the Stryker® XPS Mattress.

Multiple sizes and fits to accommodate a variety of applications.

Graham Medical's fitted sheets and equipment covers are quick and easy to use, and fit almost all equipment.

- Reduce the risk of infection with fluid-resistant and fluid-barrier designs.
- Durable enough to aid patient transfer up to 250 lbs.
- Keep equipment contamination free and minimize cleaning time.

SnugFit®
- The elastic, fitted design keeps sheet tight and flat on stretcher to prevent slippage during patient movement.
- Easy, secure fit for standard stretchers and gurneys.

PowerFit®
- Same great features as SnugFit®.
- Fits oversized stretchers and beds.

PocketFit®
- Available in fluid-resistant.
- No elastic allows sheet to slip on and off mattresses quickly and easily.

Single-use flat sheets offer convenience for providers and protection for patients.

- Multi-layered tissue sheets provide maximum absorbency and comfort.
- Tissue/Poly sheets act as a powerful protective barrier.
- Nonwoven sheets bring the strength and comfort of linens to a convenient, disposable sheet.

Disposable pillows and pillowcases offer comfort for patients and versatility for providers.

- FlexAir® Pillows
  - Can be used as a headrest and for limb or posture support.
  - Space-saving design stores flat.
  - Adjustable valve allows easy inflation or deflation in seconds.
- Pillowcases
  - Tissue/Poly provides high absorbency and acts as a true fluid barrier.
  - Nonwoven provides the same fluid barrier with optimal linen-like comfort.

MEGAMOVER® PORTABLE TRANSPORT UNITS

MegaMovers® are compact, cost-effective portable transport units used to transport, transfer or rescue patients from areas inaccessible to stretchers. The nonwoven/poly, latex-free construction is fluid resistant and folds or rolls up for easy storage. Some models are equipped with PowerGrip® handles for added comfort and durability.

MegaMover® – The Original
- Transfer up to 1,000 lbs.
- 14 handles.
- Available with standard or PowerGrips®.

MegaMover® Plus
- Backboard pockets.
- Transfer up to 1,000 lbs.
- 14 handles.
- Available with standard or PowerGrips®.

MegaMover® 350i Heavy-Duty Barrier Sheet
- Fluid barrier sheet.
- Transfer up to 350 lbs.
- Use under patient to protect equipment.
- Use over patient for cover.

MegaMover® Transport Chair
- Ideal for use in limited space and when patients need to be in a seated position.
- Transfer up to 350 lbs.
- 8 handles.
- Weighs only 10 oz.
- Compact, rolls to the size of a water bottle.

MegaMover® Select
- Transfer up to 1000 lbs.
- 12 handles with multi-grip options.
- Two drag/pull straps on each end.

SPECIALIZED MEGAMOVERS®

MegaMover® Tactical
- Ideal for Tactical Active Shooter events.
- Weighs 1.3 lbs., easy to carry.
- Transfer up to 500 lbs.
- 1 or 2 responders.
- Load patient from either direction.
- Secure patient with buckle strap.
- Drag from either end.

MegaMover® Disaster Response
- Ideal for Disaster Evacuation events.
- Weighs 2 lbs., easy to carry.
- Transfer up to 500 lbs.
- 10 handles with multi-grip options.
- 2 to 8 responders.
- Printed with "Head" and "Foot" guides to improve efficiency under pressure.
- Secure patient with underarm strap.

56307

The MegaMover® Transport Chair is ideal for carrying patients in areas of limited space.

66563

Also available with PowerGrips® for added comfort and durability.

53376

MegaMover® Plus accommodates standard backboards for immobilization.
Backboard not included.
